## Mission**Connexion** Leadership

As leaders, how do we engage every generation to go to every generation with the Gospel in our own generation? How can we better equip every generation to reach the nations on earth? That is the topic we are addressing at Leadership Connexion 2024. Helping us will be two internationally known leaders from the Boomer and Gen-X generations respectively, along with the son of one of them from the Millennial generation. Each has a proven track record of presenting and defending the Gospel to a skeptical world in engaging ways. Leadership Connexion is an all-day training to better equip church mission leaders in their role.

**Vision:** God's people effectively mobilized in mission.

**Mission:** Connecting God's people to mission through regional conferences and focus events so that increasing numbers of believers are actively serving in areas of the world's greatest Gospel need and opportunity.

## TO EVERY GENERATION AND NATION!

From Genesis 9 and God's covenant with Noah we see God intended His people to be in covenant relationship with Him and to pass the knowledge of the living God down to succeeding generations. From Genesis 12 and God's call to Abraham, through to Revelation, it's clear He expected His people to share that personal, experiential relationship with Him to ALL peoples and nations.

Besides reaching, we also want to send out every generation and nation from within our circle of influence! All of our keynote speakers: Wendy Palau, Robert Levy, Sean McDowell and Mark Mittelberg will bring a "generations" and "nations" theme emphasis and at least one will bring his son to accompany them to make the point! Which generation and nation is God calling you from and to?

## Workshop Three

Saturday 1:30 – 2:30 PM

## Workshop Four

### Workshop Track: Apologetics Choir Room

#### What If There Is No God? Consequences of Atheism

Adrian Toader

*The Ambassadors Forum*

Many claim they do not believe in God or don't care one way or another. But have they considered the ramifications of what this means? We'll analyze what a world without God would truly look like, why no one can actually live consistently with that belief and finally, why all of this points back to the Gospel.

#### What Apologetics Can Learn from Science

Roy Swart

*The Ambassadors Forum*

The world is desperate to discredit God and the Bible through science. But science is from God and designed to bring Him glory. Learn how science can help us understand and explain our faith to others, with examples from a high-tech career and many practical applications.

#### Logos: Reasoned Faith and the Meaning of It All

Andy Frye

*Worldview Academy*

Philosophy is the love of wisdom, and everyone should be a lover of wisdom. It's the most practical thing in the world. Explore how the Logos of John 1 is the only reasonable answer to the great questions asked by philosophy and all of us deep in our hearts. Secular alternatives don't even come close.

#### Explaining Jesus to a Culture Lacking Context

Justin Vanier

*Southwest Bible Church*

Many in our culture lack Biblical background or context for who God is, why we need salvation, how Jesus saved us and what it means to be a Christian. How can we share the Gospel and lead people to faith in Christ when they don't have any background for understanding?

### Workshop Track: Building Bridges for Missions: Understanding Cultural, Ethnic or Social Differences Room 210

#### Worldviews as Bridges for the Gospel

Rev. Sonji Pass

*TMS Global*

We all see and interpret the world through very different lenses that are often misunderstood. This workshop will explore how common features of three cultural paradigms clarify and complicate our view of the world. Come expand your worldview and connect culture for gospel transformation.

#### Understanding Our Differences

Pastor Adrian Reeves

*National African American Missions Council*

Conflict is normal in all communities and often destroys families, ministries and the expansion of the Great Commission. Participants will gain valuable tools and insights for navigating conflict and honoring differences. Learn how cultures are developed and transformed.

#### Bridges of Peace: The Foundation for Witness

Karen Fancher and Greg Burch

*Multnomah University*

Tensions in society have eroded trust across social, political and religious divides, hindering opportunities to be witnesses of our hope in Jesus. This workshop explores how to develop bridges of peace in order to provide opportunities to foster positive relationships for Christian witness.

#### Bridging Every Divide: Coalitions for Mission

Rev. Don Allsman and Pastor Rickie Bradshaw

God is sending the mission field to America's cities as refugees, immigrants and international students. By forming a coalition of churches, parachurch groups and mission agencies, the Church can bring all ethnicities together to bring the Gospel to the unreached in your community.

### Workshop Track: Business as Mission Room 172

#### Coaching BAM Companies for the Kingdom

Robert Bush and Larry Sharp

*IBEC Ventures*

We focus on building sustainable BAM companies that create jobs and make disciples for Jesus. Our combination of teaching and sharing real-life scenarios where this has happened should provide hope and encouragement for others who want to do the same.

#### Determining What BAM Business to Start

James Dirksen

*Business as Mission*

How should mission workers choose the right business to run in their context? We'll discuss what kind of businesses not to start, how to evaluate business ideas, how to experiment with business ideas and how to raise money to grow your business for maximum impact.

#### Christian Business in a Secular World

Allison Wilkinson

*I Am Music Group*

Feel called to make a gospel impact on the next generation? Want to be a light in a dark place and use your business to open doors? Hear how God used the I Am Music Group and the gifts He gave Allison to subversively bring the Gospel in a way no one expected (in the U.S. school system!)

#### Doing Things God's Way

Allison Wilkinson

*I Am Music Group*

Despite what the world tells us, Jesus' way is better. That means that you and your business have a tremendous advantage! By seeking God, His purposes, His will and His face, you can't help but be attractive to both the people of God and a fallen world.

**Workshop One**

Saturday 11:00 AM – 12:00 PM

**Workshop Track: Disabilities in Missions** Room 164**Disability and Evangelism**Justin Reimer  
*Guidelight*

Variability in the severity and presentations of disability can often distract Christians from sharing the Gospel with those who have special needs. Why is evangelism of those with disabilities important, and how can we pursue it?

**Disability in Mission**Justin Reimer  
*Guidelight*

Welcoming the weak in the global advance of the Gospel is critical to the growth of the Body of Christ. A Gospel-centered understanding of every image bearer, regardless of ability, is essential for our efforts to plant churches, grow Christians and reach the marginalized.

**Disability and Discipleship**Sevrin Hamilton  
*Guidelight*

Our churches are to be the body of Christ, and most churches have or should have members experiencing disability. We may pour ourselves into acts of mercy on behalf of our brothers and sisters with special needs, but how can we help them grow in Christ?

**Imago Dei**Sevrin Hamilton  
*Guidelight*

We are all image bearers of the Creator of all things. We are uniquely valued. Our value is not dictated by ability or disability but only by the God whose image we bear. Understanding the doctrine of Imago Dei is vital to our global witness. All image-bearers need the Gospel.

**Empowering Next Generation Leaders**Jeff (JT) Timblin  
*Neighbors and Nations Church, No Place Left SoCal*

**Ordinary People in Miraculous Movements**Pastor Brent Hofen  
*Mission Church PDX and Sent2Share*

Brent led his church to relaunch with a DMM approach. He recently returned from South Asia, where he participated in a miraculous movement. Hundreds are baptized weekly, and ordinary people start churches. Hear stories like those in the Book of Acts. Could it happen here?
