

The Unfinished Story for Youth

Many of those who serve Jesus by living and working in another culture and far from home made that decision when they were very young. We want to capture that zeal and enthusiasm and build on it. The Unfinished Story for Youth (TUSfY) premiered at Mission Connexion within the past two years and is growing! Youth are being trained up to be the hands and feet of Jesus to all those around them.

The Unfinished Story for Youth is a one-day experience filled with creative teaching and interaction about God's heart for all peoples. This experience is led by young people who have heard and understand the call to be involved in God's global purpose.

The best path in life is right in the center of God's will and God's passion. We want to help 14-18 year olds understand what God is doing in the world and how to join Him in it.

When this program was launched in Southwest we had 75 students and 10 teachers and administrators participated and they loved it. When we offered this training in Northwest we had over 60 students and 10 parents/leaders attend. TUSfY uses as a foundation the Perspectives on the World Christian Movement course by looking at four distinct areas: the biblical, historical, cultural and strategic aspects of the great commission. Of course, in only one day we can only crack open the door to all that God is doing. But students who attend TUSfY seem to 'get it' and that leads to a greater pursuit

FOCUS EVENT

of God's purpose through their church, youth group, Christian school, and/or their own reading and engagement and other places. It's a BIG START.

Our target audiences are Christian schools, homeschoolers or homeschool networks, youth groups and individual students. The training is interactive and gets the youth motivated and engaged. The time with us includes all materials, refreshments and lunch.

Please help us spread the word about this exciting opportunity for today's youth.

Here is a testimony from a youth attendee: **"I loved how simple yet informational the lessons were and how it also taught me and made me more confident in doing missionary."** This is our next generation boldly stepping out for our Lord. To God Be The glory!
